You can buy them in at least six other stores!

So why Osmun's?

Consider:

We have no monopoly on Summerweight sportswear and slacks. There are plenty of other stores who will be happy to show you theirs. Nine stores, nickname Osmun's?

Because we believe a store should be more than a place where new clothing is stored. We believe you are entitled to a knowledgeable, really eager to give a helpful service. And will support a color because it looks right on you—not because everybody's wearing it.

You are why over 32 years these things have always been standard equipment at Osmun's: nationally famous slacks (like Stanley Blacker sportswear and Sansabell Shirts by Jaymar). Your choice of several charge plans: Never a charge for alterations. Free Fitting... Free Gift Baskets... etc. And don't let that "stic" fool you. Many a Birmingham-Bloomfield man has found the little things at Osmun's are a big reason for shopping here.

How many? You'd be surprised.

STANLEY BLACKER SUMMER SPORTCOATS from $39.95

SANSAHELL SLACKS by JAYMAR from $15.95
