

Happy Birthday Birmingham..

In the past year we've worked hand in hand with Birmingham's civic, academic and cultural leaders to stimulate every progressive program for the improvement of the community and the well being of its residents.

Our future activities include even more of this same cooperative participation. We will continue our high standards of service, quality and furniture leadership; as well as our contribution to Handcraft arts through America House, Michigan at Englander's.

And that's our birthday present to you!

Orleans[®] by WOODARD

Wrought iron beauty captured forever in elegance that's as charming in your winter home as it is on your summer terrace. A timeless, classic design by Woodard, master craftsman of wrought iron. Pure poly foam cushions (many plastic and cloth fabrics available specially treated for water and mildew resistance). The frames come in 10 dramatic colors (all are so beautiful) and all are factory guaranteed against rust for 10 years.
