

I'M NOTHING

WITHOUT YOU!

You can say that again, I'm nothing without you! Sure, I'm something in the furniture world. Hearedon created me for Daly Brothers. But, I'm really nothing without someone to take me home and enjoy. I'm especially enjoyable since my quality goes in one era and into the next. You should see the rest of my family. Sofas, love seats, lounge chairs, occasional chairs. In fact, if you trace our family tree you'll discover we've grown out of good timber. That's because we're almost half as old as Birmingham! But I've talked enough. You come to Daly Brothers and see the new collections of better home furnishings for yourself. There is a big difference. Start with the best. You'll sure feel more at home if you do.
