**My, My . . .  
How We've Changed!**

It gives us a comfortable feeling  
to know that both of us have grown  
old together! We couldn't have  
picked a better one to grow old  
with.

Since 1942, we have seen you strug-  
gle and grow . . . and then blossom  
into a full grown beauty as you  
are now. We've enjoyed it . . . and  
hope you have, too!
