An Interesting Homestead

The Hugh Martin home, located at 1234 Homestead Road, is an interesting example of early American architecture. The house is believed to be over 100 years old, and has been lovingly maintained by the current owner, Mrs. Jane Martin. The house features a large, two-story structure with a central chimney and sloping roof. The interior of the house is equally impressive, with dark wood paneling, antique furniture, and a beautiful garden that surrounds the property.
