SPORTS FANS!

I BET YOU DIDN'T KNOW

By Dick Turner

Ever wonder why the Kentucky Derby is called a "Derby"? Well, in 1780 in England, the Earl of Derby founded a famous horse race for 3-year olds at Epsom and it was called "Derby's Race at Epsom". Later, it became, simply, the Epsom Derby, and when the folks in Louisville started their race in 1875 they borrowed the name and called it the Kentucky Derby.

Warren Spahn is an amazing pitcher. He's won more games than any other left hander in baseball history. But, here's something that makes his record even more amazing. Although he has more wins than any other lefty in history, he did not win his first big league game till he was 25 years old!

Who's the greatest hitter in baseball today? Well, the man who has the highest lifetime batting average among all those playing today is Hank Aaron. Hank's lifetime average is .330, and nobody tops that.

I bet you didn't know... IT PAYS to drive carefully and courteously. Don't mar the coming Holiday by careless driving. Have Fun!
