Emphasis on Michigan in B’ham’s Schools

"Michigan" is the focal point for all activities of the Birmingham Public Schools this week, although information about the state is incorporated through the year. Classroom teachers and the counselors display in their rooms a bulletin board depicting various geographical features of the state. Children and students have prepared a speech, art, and music presentation. From the individual building students, two class-champion, high school who will speak will be from the Birmingham High School. There will be a group of the Michigan students to hold a press conference. Students and teachers will visit the different schools to learn about the culture and history of the state.

The public is invited to attend the all-school assembly at the Birmingham High School at 8:30 a.m. on Friday, October 15th, 2021. The assembly will feature a variety of Michigan-themed activities, including a musical performance, a reading of Michigan literature, and a presentation on the history and culture of the state.

Proposals

(Continued from last page)

The increase above $18,000 million during the next tax year will raise the amount of the state bond issue to $50,000,000.60. This increase is needed to meet the requirements of the state budget.
