### 50th Birthday Parties Unite Family, Friends

By MARTI CAHN

C. Norman Fry achieved a new plateau on May 28. He reached the 50th anniversary of his birth. Parties for him began on Thursday evening with one held at the home of Mr. and Mrs. G. Ralph Angle. The celebration was unique because the guests contrived to make the occasion a surprise for the hostess, Betty Angle, whose birthday happened to be Thursday. It was like "double-the-pleasure, double-the-fun, and double birthday cakes to slice."

Among those present were Mr. and Mrs. Charles B. O'Neil, Mr. and Mrs. Edward B. Thompson, Mrs. Irene Reames, and the Fry's daughter, Mrs. David W. Blanchet, a senior at the University of Michigan, who surprised her dad by coming from Ann Arbor for the celebration.

PRETTY MRS. FRY provided another surprise party for her husband by arranging a Fry family reunion cocktail luncheon party at their Bloomfield Hills home on Sunday.

Attending from Saginaw were brothers Robert J. and Don E. Fry and their wives, sisters Mrs. Fred Kleinert, Mrs. Chester E. Lea and Mrs. Lea. Completing the list were Mr. and Mrs. William Carrel, sister and brother-in-law of Detroit.

Mr. and Mrs. M. Homer Alldredge entertained on Sunday at the Oakland Hills Country Club with a brunch in honor of their house-guests, Mr. and Mrs. L. B. Lamourne, Mrs. Alldredge's sister and brother-in-law of Indianapolis.

Among those present were Mr. and Mrs. William E. Bailey, Mr. and Mrs. Neil Blume, Mr. and Mrs. J. J. Pelta, Mr. and Mrs. C. Norman Fry, Mr. and Mrs. George Ghazal, Mrs. Joseph L. Newman, Mr. and Mrs. Arthur C. Oils, Mrs. Jack Dooley and Mrs. Jack L. Edington of Birmingham and Bloomfield Hills, and Mr. and Mrs. Larry Regan and Mr. and Mrs. Jack Geese of Grosse Pointe.

"BRIGADOON," to be presented by St. Dunstan's Guild, Cranbrook on June 4-5-6 and 11-12-13

will prompt numerous parties by guild members. Mr. and Mrs. William L. Mitchell (Mrs. M. is president of the Guild) are entertaining 50 for cocktails and dinner on opening night, and on Friday they have invited Brookside School's faculty members with their husbands and wives and the school's board of directors to a pre-theatre party.

Other opening-night parties will be given by Mr. and Mrs. Stephen F. Booth (Mrs. Booth is in the chorus); Mr. and Mrs. Otis Tompason (she is assistant musical director); the Laurence Finns are entertaining with cocktails and dinner and Mr. and Mrs. Richard B. Darrago (she is ticket chairman) will give an after-glow celebration at their Ardmore Road, Bloomfield Hills home. Mr. and Mrs. William Saunders (Mrs. S. is on make-up) will also entertain with an opening night party. Dr. and Mrs. Robert Bookmeyer are entertaining with a theatre party on the fifth and Mr. and Mrs. Robert Dentyl will entertain a group on Friday, June 12.

### Warn Sun Worshippers On Health Hazards

The sunburn season is here again. It's a completely safe prediction that at least ten million people will succeed in roasting to a turn on the first long, hot weekend at the beach or pool, or even in the backyard garden. If you want to get a sunburn, it's easy. Just stay out in the summer sun too long. However, do this with the knowledge that the physical benefits of tanning are at

best dubious, and that there is solid evidence that continued exposure to sun weathers and ages the skin. If you want to get tanned, the American Medical Association offers some pointers on how to do it without burning too much. GRADUAL exposure to the sun is the safest and simplest method of acquiring an attractive tan. As a general rule, begin with 15 minutes exposure the first day,

and increase the time by a few minutes a day. The time of day is important, with the mid-day period, when the sun is directly overhead, being the hottest for burning purposes. Actually, the slim possible benefits of tanning are more than offset by its potential hazards. One skin specialist who has studied the problem said recently that he foresees the day when tanning will no longer be a status symbol and cancer.

the fair, creamy complexion will once again be the vogue. Continued tanning brings gradual changes in the blood vessels of the exposed surfaces. The connective tissue of the skin degenerates, causing wrinkles and a coarsening of texture. The "U" of the neck becomes permanently reddened and freckle-like dark spots appear on the skin. These spots can sometimes be the start of skin cancer.
