Sartorial Tipoff From the Stars

A well-known tailor, who has more than a passing interest in astrology, says that capricorn and gemini men are the most conservative dressers, while pisces and scorpio are the most daring. Men born under cancer are the most casual and stress comfort in their apparel. Virgoans are the neatest. Leo men "dress to kill" and are, incidentally, the best and fastest about paying their bills!

The automotive world, top industrialists, VIP's from magazine, radio and TV, plus dozens of representatives from the social Blue Book, came to Birmingham-over the week end for the marriage on Saturday of Lisa Gae Knudsen, daughter of Mr. and Mrs. Semon E. Knudsen of Bingham Road, and Henry Howard Flint II, son of Mr. and Mrs. Edgar B. Flint of Bloomfield Hills. The classic-featured, blond daughter of General Motors Corp., vice president and gen-

eral manager of the Chevrolet Division, spoke her vows in Christ Church Cranbrook, immediately after which her parents were hosts at a garden reception on the grounds of their home. Aside from the three marquees which had been erected, decorations consisted mainly in the manicured flower beds which were in full bloom. The five-foot wedding cake, executed under the supervision of the DAC's

Louis Benso, commanded its own special canopy of white decked with yellow satin streamers. Over 400 guests went through the receiving line—which formed in the living room of the house—viewed wedding presents, wandered out onto the lawn to dance to Jack Qualey's orchestra and were served sit-down supper at tables centered by informal arrangements of colorful garden flowers.

They've Got a Point

Maybe Frenchmen are smarter than their American contemporaries in certain ways. For example, they are amused at the taboo against tucking napkins under chairs and point out that millions of neckties, and even suit frocks, are, stupidly, spotted daily!
