

'After-Five' This Fall Spells Glamor

Grecian-Inspired

Dramatically draped is the first design from Helen Rose's fall evening collection, all to be handled in Birmingham by Jacobson's. A touch of glitter is added by a jeweled belt which encircles the waist.

Fluff and Stuff

White ostrich feathers add an exotic touch to a simply elegant white chiffon gown ideal for so many formal occasions. Prediction for fall: short gowns are in again!

Velvet Elegance

The most fashionable girl at the ball will be wearing Helen Rose's deep rose velvet gown, its hand-embroidered bodice enhanced with gold soutache. Ideal for the Symphony opening or the Cinderella Ball this fall.

Feminine Mystique

Perfect to whirl around dance floors is a rose-hued gown designed with pleated petticoats of silk chiffon over silk organza. Gold and wine-colored poilettes encrust the bodice. So elegant it's remindful of Miss Rose's designs for cinema stars.

Expect 200,000 At Teen-Age Fair

The spotlight will be on music and fun at the 1964 Teen-Age Fair, which will be a feature of the 115th annual Michigan State Fair, Aug. 28 through Sept. 7.

The \$3 million "fair within a fair" is expected to attract more than 200,000 teen-agers. It will spread across three acres adjoining the midway.

Among the musical features of the Teen-Age Fair:

- A "Non-Stop Record Hop," a 114 hour musical marathon sponsored by Capitol Records, with guest appearances by recording stars and audience participation games. Among the prizes—a personal phone conversation with the Beatles.
- A continuous "Battle of the Bands," pitting the area's top rock-and-roll combos against each other.
- A daily "Harmony Guitar Hootenanny" for folk music fans.

ANOTHER HIGHLIGHT will be the Miss Teen U.S.A. pageant, with girls from throughout the Midwest competing for the Miss Teen Midwest title and a chance to compete in the national finals in Hollywood next spring.

For the girls, summer fashions will be presented four times daily in a musical fashion show presented by Crowley-Milner Department Store.

Movies will feature such subjects as hot-rodding, dragsters, and surfing.

And car enthusiasts will get to

see the \$250,000 Turbo-sonic Turbine, the \$50,000 Double Bubble Jaguar, and other custom cars.

Tax Credit Gives Retraining Incentive

"A liberal tax credit" would provide incentive for industry to retrain workers who have lost jobs through automation, contends a New York tax expert.

Writing in "Business Topics," a publication of Michigan State University's graduate school of business administration, attorney Gerald J. Robinson says that a tax credit would place the financial burden for retraining "where it belongs—on the entire nation." Such a credit, he adds, would allow industry to do retraining itself, and industry is better equipped than government to perform the task.

Getting away from it all? If, on vacation, you find yourself at a high altitude or in an excessively hot and humid climate, give your body a chance to adjust before you start sight-seeing or other exertions, and you'll come back in better shape if you avoid excessively strenuous sports and excessive sight-seeing, the Michigan Heart Association says.
