## August 27, 1964 THE BIRMINGHAM (MICH.) ECCENTRIC 5-BB

### Two New State Laws Approved

The State Police have called attention to two new Michigan laws effective Friday which specifically prohibit pedestrian traffic, including hitchhiking, on all limited access highways and drag racing by motor vehicles on any highway.

The one involving pedestrians also bans bicycles and other non-motorized traffic on the limited access highways. This is an extension or amendment of a previous law which affected freeways only in these respects. The freeways are the controlled access highways.

The pedestrian ban is designed to increase safety factors for travelers on the high speed roads. It is pointed out that the stopping of vehicles to pick up or let hitchhikers off creates a hazard for other traffic.

**HITCHHIKING** on the freeways, a practice followed by some college students and other persons going to and from their homes particularly on weekends and vacation periods, has added to the enforcement problem of police patrols in having to remove the pedestrians from these roads. Pedestrian trespassers can now be arrested on the limited access roads as well as the freeways.
