 AT GRAND CIRCUS PARK - FREE PARKING

When a mechanic only has one model to worry about, he can worry a lot more efficiently.

You're looking at fourteen years' worth of Volkswagens. Can you see much difference between them? Neither can our mechanics. That's what makes their work so repetitious. And so good. When you service the same car for years, you get to know a lot about the little things. The fact that Volkswagen parts are interchangeable from year to year doesn't hurt any.

So for VW mechanics, routine service is very routine indeed. Of course, every time there's an improvement in the VW it throws them into ecstasy. They give anything that's new in a VW so much attention that it gets old for them pretty fast. Then it's back to dull perfectionism again. It makes driving a Volkswagen dull too. Hardly anything ever happens.
