WHITE WALLS OPTIONAL AT EXTRA COST

The Volkswagen is the one in black.

These cars look alike to a Volkswagen mechanic. They have the same engine, the same transmission, and the same chassis. But the one on the bottom got mixed up with an Italian who thought the Volkswagen would make a sexy little runabout: Ghia of Turin.

The car's the VW Karmann Ghia. Its special body takes so much hand work that Volkswagen farms it out to one of Europe's greatest custom coachworks, Karmann of Osnabrück. Every seam is welded, ground down, filed and

sanded by hand. It's been mistaken for everything from a Ferrari to a Lancia! Yet VW parts are all you need. You get the VW's legendary mileage, VW's air-cooled engine. And the famous Volkswagen traction in snow and sand.

Along with a gee-gaw or two. A defroster for the back window. Acoustical soundproofing. Adjustable bucket seats.

The price is quite a coup for a coupe like this, Hardtop, \$2186.31. Convertible, \$2691.31.

Hardly an arm and a leg.
