"We're just looking at houses.
Why see First Federal first?"

Because, madam, when you and your husband consult your nearby First Federal office about a home mortgage, we can give you preliminary information that helps you decide whether to buy or build, what price range to consider, what to look for in a house, and more. Then, working with you and your real estate broker, we can "tailor" a mortgage program to fit your needs—based on an FHA, GI or Conventional mortgage plan. We can most likely save you time, money and trouble. That's why we say, "See First Federal first."
