McKinneys, Greens Meet At Hollywood and Vine

By MARION CASKEY
MA 6-6860

There is a saying that if you wait long enough at the corner of Hollywood and Vine you'll see someone—eventually everyone—you know.

The Lloyd McKinneys of Ramsey Road were connecting thusly when they were caught in bumper-to-bumper traffic on a recent Saturday night out in the Cinema City. No sooner had the remark been uttered when up beside them pulled the Ed Greens. Both families were on California vacations.

The McKinneys, with Bob and Billy, drove out through the Southwest, up the coast, and back through Yellowstone and the Black Hills.

For Billy the highlight of the trip which included Disneyland, the Grand Canyon, Pikes Peak and the Air Force academy, was a glimpse of the Beatles in Las Vegas. Mac logged 6,500 miles of motoring.

The Green family flew to California and rented a car there to see the state. In Los Angeles they visited Marion's sister and her husband, Rev. and Mrs. Roy MacBeth, did Disneyland in depth, and then motored up the coast to Carmel.

Ed and son John golfed at Pebble Beach and Cypress Point while Marion and Liza puttered on the

par-3 course there. Finally they moved on to San Francisco, then home.

MRS. WILLIAM Garth of Wellington Road has always had more than a passing interest in her ancestry in Spain and this autumn she'll realize a long-time dream.

Lillian sailed for Europe Monday with her sister from New Mexico, a cousin from California, and a friend from Grosse Pointe who speaks French, Italian and German. They will land in Paris, then go on to Italy.

The peak of the trip will be a private audience with the Pope. After seeing Venice, Milan, and the coast of France they will journey to and through Spain.

Lillian has unearthed old family connections there, where the family traces back to the 16th cen-

tury and wants to deeply delve into Spain. They'll return in mid-October.

The Paul Ziegelhaars of Franklin Road have just returned from an extended motor trip through French Canada. Their vacation included the Gaspé Peninsula, New Brunswick, Nova Scotia, and a visit with friends in Bedford, Me.

TOPPING OFF Franklin Junior Players' successful performances last week end were a couple of teenage type parties.

Friday night the membership thanked Charlotte Ellison for singlehandedly producing their play programs and providing them with a substantial profit in advertising. They bestowed upon her a big, fluffy stuffed dog at a party the Dick Lewis home.

Saturday the group celebrated its last staging with another do at Patti Johnson's home in Meadowlake.

Cheers are in order for Mrs. Robert Egan of Appletree Lane. The plucky Alice entered a power-puff stock car race at Uhley,

Mich., and might have won except for misunderstanding the light system and fouling out. Daughter Sharon Lane, however, walked off with a trophy for first.

KIRK KELLY, son of the Gene Kellys, former Franklin residents, spent a few days with the M. R. Scotts of River Drive last week. He was en route to Houghton, Mich., where he will be attending Michigan Tech. The Kellys are living in Harpenden, England.

Following a tradition they've kept for the past few years in Labor Day vacationing were the Harold Geigers, Dick Weedons and Donald Ditttrichs.

The three families cottaged together at Silver Lake—water skiing, sailing, dunes riding, playing bridge and the like. After returning home, Ann drove son Gregg to Athens, O., Thursday to enter him at Ohio University.

THE FRANKLIN branch of the WNFGA launched the autumn season Monday with a luncheon at the Franklin Community church.

President Mrs. D. L. Taylor introduced her new board members. Mrs. N. A. Thureson is first vice president; Mrs. H. M. Shattuck, second vice president; Mrs. W. L. Draper, recording secretary; Mrs. E. J. Wray, corresponding secretary; and Mrs. M. Hader, treasurer.

Mrs. S. Slawson was guest speaker and conducted a flower-arranging workshop. Members brought flowers from their own summer gardens to arrange.

Cousins from Melbourne, Aus-

tralia, were guests of the Robert Kerrs for a few days last week. Dr. and Mrs. Ross Shiel and their two-month-old baby stopped with Bob and Nancy after spending the past year at Harvard Medical School. Both he and she are doctors.

IN WOOD CREEK are the Mat-view Wendlings on Woodbrook Court. Marjorie and Matt has two sons, William, 24, who graduated from Ferris and just completed Marine reserve duty at Parris Island, and John 13, who is entering Farmington East Junior High.

The Wendlings moved from Detroit, and Matt is on staff for Chrysler Stamping Division.

ON GREENBRIAR are new neighbors Barbara and Walter Fields. They moved here from Yardley, Pa., and he is at the GM Tech Center. Their children are little ones, Beth, 2, and Jeffrey, 1 month.

The Milton Smiths on Normandy have several friends already in Franklin. They moved from Detroit and he is a partner in Sullivan-Smith, builders. Joanne and Milton have three children, Ricky, 11, in the seventh grade; Danny, 8, in third; and Paty, 4.

Your Registered Pharmacist Is Here To Meet You ...

That's not true for the mail-order buyer of drugs. Purveyors of so-called "cures" by mail are often just one step ahead of the authorities.

If a drug treatment has sufficient merit to warrant your purchase, your Doctor will prescribe it and the Mills Pharmacy will dispense it. There is nothing "just as good" as our personal service and responsibility.
