(Continued from 1-B)
BUT THE Negroes and others still go on vilifying him, trying to make him look like he has done nothing. Apparently the Negro people have short memories.

I know that after the senator helped desegregate the National Guard, the NAACP took him in as a member for life. Then, because he voted against the civil rights bill, they turned on him, like coyotes, and cast him out. If that isn't shameful and unfair, then I do not know what is!

Indian people have good memories. Anyone who has ever done a harm to an Indian can tell you so. We remember who helps us and who hurts us. We know who is for us and who is against us.

As the most mistreated minority in this country, we are willing to go with the man we feel is the best—and I personally feel that the best man in this election year is Barry Goldwater and hope that my people and other Indian people feel the same.

A FEW DAYS ago I read somewhere that politicians do not think the Indian vote is important. There are so few of us, they claim, so why bother? Only 500,000 full blooded Indians in America.

The politicians have forgotten one important fact: There are five times that many "leaky" Indians, those with Indian blood, from one-eighth to three-fourths, and they're Indian, although many of them do not use this fact to drain tax dollars.

Also, there is an uncounted amount of people with one-sixteenth and less Indian blood who have strong Indian feelings, and care deeply about what happens to the Indian now—and in the future.

SO NOT only is there this small amount of full blooded, reservation Indians who will be voting in the presidential election this year—but also those who are off reservation.

Since Senator Goldwater has done so much to help the Indian people progress politically and personally and because he has done so much to further Indian independence and hope, because he has given so much reassurance and respect to the Indian people, because he treats the Indian as a proud people instead of grabbing savages, he

Jewish Women Hold Meeting Next Week

The address, to which the public is invited, will be at Shanyee Zedek Synagogue, Northwestern Hwy. at 10 Mile Rd.

CONFERENCE registration will run from noon until 2 p.m. Monday with workshops from 2:30 to 5 p.m. followed by cocktails at 5:45 and dinner at 6:45.

will undoubtedly win a large amount of this "pro-Indian" and Indian vote.

BECAUSE he is the kind of man he is, a man that not only the Indian, but all minorities respect and admire, I believe that he will win in November, simply because he is what he is—an honest, respectful, decent, honorable man, who is not afraid to speak his mind, or state what he thinks is wrong in this country.

I have no qualms about voting for him, and no Indian or part Indian should have Harry Goldwater as the only man fit to be the next president of the United States!
