SEE OUR
SEMPALMATED
PLOVERSI

Yes, and the 19 species of Warblers that frequent this sub-tropical Carolina sea island. Not to mention the good, old Common Loon, the Buffhead or the White-rumped Sandpiper! Some 241 kinds of birds have picked Sea Pines for a home at least part of the year. But only ONE kind of people.

The kind that enjoy quiet relaxation at a resort that has protected its natural assets; where there's no neon or noise; no city smells, smoke or crowding. They love the championship golf course, the tennis, the fishing, the historic sites and the nature trails. Quite a few are still here, living in their own new homes in our pine forested paradise. The migratory ones stay at our oceanfront William Hilton Inn.
